

Dear Store Manager/Buyer,

My family and I would be very pleased if _____ (store name) would carry Bosco Sticks in your stores! We are especially interested in purchasing _____ (product name & size).

Bosco Sticks have long been a spark of hope in the school buffet line with their soft, freshly-baked, golden brown bread and freshly-grated mozzarella cheese. Now these dough-licious pizzeria quality breadsticks are available at retail stores and your store could be one of them.

To request information on their products, please call 1-800-925-3326.

Thank you for considering my request.
